invite you and your friends to celebrate Arbor Day with us at

Bedford's 11th Annual Arbor Day Talk

The Evolution of Landscape Stewardship at Mount Auburn Cemetery

Paul Kwiatkowski

Friday, March 27, 2015 - 7:30 p.m.

Bedford Town Hall, Selectmen's Room (1st Floor), 10 Mudge Way

Did you know Bedford's Shawsheen Cemetery was originally modeled after Mount Auburn Cemetery? Paul Kwiatkowski, Conservation and Sustainability Manager at Mount Auburn, will introduce this National Historic Landmark through a brief history and interesting facts while focusing on its sustainable horticulture practices.

Mr. Kwiatkowski, an Ecology graduate of Evergreen State College in Washington, has been employed by Mount Auburn for sixteen years. Paul frequently gives talks throughout New England on sustainability and is known for his extensive knowledge of soil food webs. He is a member of the Society of Ecological Restoration and the Ecological Landscape Alliance.

Free and open to the public. Refreshments will be served. Saplings (whips) will be distributed free by Town/DPW.
