

Performing Arts Programs is New England's proven and premiere talent development and educational program for children of all skill levels. We offer a professional, progressive program that comes to your community. We are dedicated to creating a fun, comfortable and affirming environment to cultivate each child's own unique creativity. We also provide the convenience of local program location(s) and the assurance of familiarity by offering our program in partnership with your town.

Performing Arts Programs instructors have high skills in the arts as well as sensitivity to the individual needs of the participants. A safe, affirming environment is created to ensure that each participant can grow and thrive. We desire to contribute to the development of your child's creativity and to validate it. We believe that when people tap into the fullness of their creativity, great things can happen.
