

## **NOTICE**

**HANCOCK STREET  
HILLSIDE AVENUE  
SPRINGS ROAD  
BROWN STREET  
HAMILTON ROAD  
HUNT ROAD  
NICKERSON ROAD  
WAYTE ROAD**

The Bedford Department of Public Works has scheduled roadway reconstruction work along the above noted streets starting in early July. The first phase includes replacement of old aluminum drain pipes and deteriorated catch basins. During the week of July 22<sup>nd</sup>, the existing pavement will be pulverized to a gravel base, graded and repaved in two courses.

Work hours will be 7:00 am to 4:00 pm, weather dependent. The roads will remain open, although delays and rough surfaces should be expected. Driveways will be ramped down to the temporary gravel surface, but will be adjusted before the final paving. Motorists are cautioned that there will be raised structures in the roadway prior to the finish course of pavement being installed. The work should be complete by Labor Day.

Thank you for your patience. If you need additional information, contact the Department of Public Works at (781) 275-7605.
