

The following is the expected work for the week of January 4, 2016 as provided by Revoli Construction:

Slip lining from the corner of the Stop & Shop, under the Shawsheen River, to the American Legion parking lot is complete.

- Revoli's crew will install bends and fittings on the 18-inch replacement pipe near the corner of Stop & Shop. Once this work is complete the trench will be backfilled and temporarily paved.
- The crew will continue to fuse the 18-inch liner pipe in the American Legion Parking Lot.
- The crew will excavate access pits in the American Legion Parking Lot to facilitate the slip lining process between the Shawsheen River and Great Road.
- The crew may begin to excavate access pits in Great Road in front of the American Legion and at Masardis Street.
